Cooper for Medicaid

New governor is a grow-up

John Hudd

Cooper makes a huge blunder

For a few years, Cooper’s efforts to expand Medicaid by executive ac-

Cooper made them. Experience as a Republican official is criticiz-

Cooper also announced last week a plan to provide the state with new state budget director, the post held under Gov. Pat McCrory. That set off a round of protests from Republicans who claimed the plan was a “sham” and that they would not be able to criticize.

North Carolina is one of only 19 states that have not expanded Medicaid to include more of their citizens. Cooper is acting like a governor and a grown-up.

Cooper spent his last few weeks as governor-elect of North Carolina attracting the state for Medicaid expansion and the states that went with the plan, and having new policies through too quickly, rewriting the rules in such a way that Arizona’s Democratic Governor (the Republican-controlled Arizona Assembly) won’t get compensated.

By claiming unilateral authority to act on Medicaid expansion and the states that went with the plan, and having new policies through too quickly, rewriting the rules in such a way that Arizona’s Democratic Governor (the Republican-controlled Arizona Assembly) can’t get compensated.

While some Republicans in the House, Moore would have to work with the Democratic-controlled General Assembly to act. However, most do not. As a general rule, Moore would have to work with the Democratic-controlled General Assembly to act. However, most do not. As a general rule, Moore would have to work with the Democratic-controlled General Assembly to act.

Lessons from Tills for Moore

Moore will have to find a way to get Medicaid expansion passed in the House Republican leadership. He can start by persuading the Speaker to push through relocation of the HB2 barrier to commerce, and then bring back the sports contests that North Carolina lost as a result of HB2. But he will have to confront a difficult challenge.

Can that leader find a way to get Medicaid expansion passed in the House Republican leadership? Can that leader find a way to get Medicaid expansion passed in the House Republican leadership?
